OUR PHILOSOPHY

We believe in preparing all of our foods, whenever possible, with locally sourced, sustainably grown or raised, and certified organic ingredients. We support GMO labeling and work dilligently to keep GMO ingredients out of the food we serve. We change our menu throughout the year to stay in sync with the season and our local farmers. Our commitment to food integrity is as much about flavor as it is about health. We believe in sustainable food systems that enhance the lives of those whom it feeds, as well as the earth from where it all comes. This is our home and you are our guests, so relax, restore and mangia! Buon Appetito! -The Koukoulis Family

OUR COMMUNITY

We believe that our primary responsibility is to be a contributing member of our community. As such, we proudly add (and match) 50 cents to each check as a donation to The Food Project, a food focused education and training center for youth in southwest baltimore. You can opt out simply by asking, no explanation required. Learn more about The Food Project at uempowerofmd.org/the-food-project
